Summary

Cybersecurity undergraduate at Parul University with hands-on experience in malware analysis, reverse engineering, and web application security. Active CTF player with multiple technical skills focused on threat detection, vulnerability analysis, and defensive security practices. Strong foundation in networking, cryptography, and security automation.

Education

Parul University Sep 2023 – Oct 2027

Bachelor of Technology in Computer Science and Engineering Cybersecurity

- CGPA: 8.3/10

Vigyanand Kendriya Vidyalaya, CBSE Board 2023

Higher Secondary Education (Class XII)

- 71.9%

JR Convent, CBSE Board 2021

Secondary Education (Class X)

- 79.9%

Technical Skills

Cybersecurity: Malware Analysis, Reverse Engineering, Web Application Security.

Cloud & Networking: Azure, AWS, Network Protocols TCP/IP, Routing and Switching.

Security Domains: Cryptography, Vulnerability Assessment, Network Security

Tools: Linux, Git, Burp Suite, Nmap, Metasploit

Programming Languages: C, Python, Bash

Professional Experience

Cybersecurity Intern Feb 2025 – May 2025

Hacktify Cyber Security

- Performed malware analysis and reverse engineering to understand malicious behavior and execution flow.
- Assisted in vulnerability identification and threat modeling.

Cybersecurity Intern Dec 2024 – Jan 2025

Edunet Foundation (IBM)

- Developed a Python-based image steganography tool using blue-channel manipulation.
- Implemented passcode-based encryption and authentication for secure message access.
- Strengthened skills in cryptography, Python scripting, image processing, and secure data handling

Certifications

Certified Ethical Hacker (CEHv13) – EC-Council

Cybersecurity Foundation – Palo Alto Networks

Cyber Defense Strategies – IT Masters by Charles Sturt University

Android Bug Hunting – EC-Council
